**Village Branch: Movie Week, June 25-28**

#### Which will win? Digital Instruments vs. Real Instruments

**Tuesday, June 11, 10AM-12PM**

How do physical instruments differ from their digital counterparts? Use recording and mixing techniques to compare. You'll also learn about the cutting-edge technology used to play instruments from drums to guitars- digitally!

#### 3D Modeling Animated Characters

**Tuesday, June 11, 6-8PM**

Thanks to today's technology, animations and video game characters appear more lifelike all the time, but did you know they all start with simple shapes you can create? We'll show you the basics of digital sculpting and painting using 3D modeling to create your own characters and environments.

#### Recording Your Jams with AudioMaker

**Friday, June 14, 10AM-12PM**

Record, mix, and share a song with our Audio Maker workshop! You'll learn about the science of sound waves, then get to work using mic techniques, recording software, and sharing. Bring your own instruments or use one of ours!

#### Chords with Colors

**Friday, June 14, 3-5PM**

Turn the world into a recording studio with the magic of Sphero Specdrums! These app-enabled rings can transform colors - even from clothes or drawings - into music. Make sure to wear your favorite color because in this workshop, colors are our instruments!

#### Whodunit: A Murder Mystery Book Club

**Tuesday, June 25, 6-7:30PM**

Whodunit is a murder mystery book club for mystery lovers! June's book is ***The Sweetness at the Bottom of the Pie*** by Alan Bradley. Join us for tea, treats, and murder!
